

BEAUTIFUL LIVING SPACES THAT REFLECT YOUR STYLE AND PERSONALITY

# DECORATING DEN INTERIORS WITH JENNIFER JONES

An interior design that is a personal reflection of who you are and how you live will inspire your life in unimaginable ways. If you're ready to create this kind of living space, schedule a complimentary consultation with Jennifer Jones, owner and franchisor of Decorating Den Interiors.

One look at Jennifer's portfolio, and you'll understand what makes her an award-winning interior designer. In 2020 alone, she garnered a Best Interior Designer Living Magazine Readers' Choice award and a Best of The Woodlands award by Woodlands Online.

But for Jennifer, who has served The Woodlands area for more than 16 years, it's not about how many awards she can win. What's important to her is providing client-focused service and creating beautiful, unique, custom-designed living spaces. Her process is collaborative, inspirational, and fun, and she is accessible and responsive to her clients.

"Decorating Den is customer service driven," Jennifer says. "My clients work with one person – me – and receive personalized service. I put myself in their position, focus on meeting their needs, and strive to exceed expectations."

With her personable nature, Jennifer establishes rapport with her clients quickly, most of whom become repeat customers. She gets to know their style and aesthetic, then creates designs that express their individuality.

"There's no substitute for being able to see colors and textures right in your home, I bring lots of options with me to consultations, not just three or four choices," Jennifer explains. She has thousands of samples of top-quality home furnishing products, from window treatments and accessories to furniture and floor coverings.

Whether you live in a house, a condo or townhome, or an apartment, or want design services for a commercial space, call Jennifer to schedule a complimentary consultation today.

*"I can't imagine working with anyone else on my projects. Over the last 15 or so years, Jennifer worked with me on two homes and an office. What I immediately liked about working with her was her ability to tease out my style and vision, to be willing to work with existing pieces to contain the budget, or to start over with a total design redo, and her friendly personality. For someone who can't even pick out coordinating colors, she is exactly what I needed to bring my vision to light. I couldn't be happier with every project we've done."*
